

## HAPPENINGS AT THE BRIDGE . . .

School is off to a great start this year. Students have adjusted to their new schedules and are experiencing successes with their teachers daily. Learning can happen anywhere at The Bridge Academy! Pictured are students working with Miss Bernotas to build our newly purchased greenhouse. The greenhouse will have a solar powered fan and be utilized for many of our environmental activities this year.

Over 2/3 of returning and new students enjoyed celebrating their summer reading assignments with a variety of luncheon treats. We had “deserving desserts”, “studious salads” and “humongous hamburgers and hotdogs”. The discussion was lively around our favorite summer books.

We enjoyed seeing so many of you at Back To School Night and sharing our program goals with you. Individual Progress Reports will be mailed the week of October 20<sup>th</sup> so you’ll know how your child is doing in each class.

The Bridge Academy seeks to provide a place where learning is the focus. Your support is essential in helping us all to **“Think before you speak – is it kind, necessary and true?”** Adopting this rule at home helps us to have a more positive school environment. Thank you for your follow through in this area.
