

HAPPENINGS AT THE BRIDGE . . .

School is off to a great start this year. Students have adjusted to their new schedules and are experiencing successes with their teachers daily. Learning happens everywhere at The Bridge Academy!

Over 3/4 of returning and new students enjoyed celebrating their summer reading assignments with a variety of luncheon treats. We had “deserving desserts”, “studious salads” and “humongous hamburgers and hotdogs”. The discussion was lively around our favorite summer books. We celebrated those students who accomplished their Math Challenge this summer with a “Math Chow Down” just a week later.

We enjoyed seeing so many of you at Back To School Night and sharing our program goals with you. Individual Progress Reports will be mailed the week of October 19th so you’ll know how your child is doing in each class.

The PTO is proud to report we have sold 56 boxes of candy! Thank you for your support of this fund raising activity. The Fall Festival that was scheduled for this Sunday, has been postponed to November 1, due to the inclement weather we are having. There are lots of activities planned and great food to be enjoyed and the time frame is still between 2 pm and 5 pm.

The Bridge Academy seeks to provide a place where learning is the focus. Your support is essential in helping us all to **“Think before you speak – is it kind, necessary and true?”** Adopting this rule at home helps us to have a more positive school environment. Thank you for your follow through in this area.

Look how much space we have in our new classroom!
